

TWO EASY WAYS YOU COULD SAVE ON HOME INSURANCE

Like a lot of people, you may be looking for ways to save on your insurance. Here are simple ways you could lower your home insurance premium.

Your agent can advise you about deductible options so you can decide if an increase is right for you.

1. INCREASE YOUR DEDUCTIBLE

CONSIDER

Typically, the higher the deductible, the lower the premium.

UNDERSTAND

An increased deductible and/or roof schedule* means you will be responsible for a higher out-of-pocket cost if you have a claim.

CALCULATE

Over time, you could end up ahead financially if your premium savings are more than the higher deductible if you have a covered claim.

2. GET A COMPLETE COVERAGE REVIEW

Reviewing your coverage with an agent can reveal other savings opportunities.

ASSESS

They will review your home insurance policy and help you assess whether the amount of coverage is keeping up with your needs.

BUNDLING

They will recommend ways to bundle multiple policies – such as home and auto – with the same provider.

APPLY

They will look for savings, such as loss-free or home safety feature discounts.
